REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors Dowden West Community Development District City of Orlando, FL

Report on the Financial Statements

We have audited the accompanying financial statements of Dowden West Community Development District as of and for the year ended September 30, 2018, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Accounting Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Supervisors Dowden West Community Development District

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Dowden West Community Development District, as of September 30, 2018, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated October 23, 2019 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Dowden West Community Development District's internal control over financial reporting and compliance.

October 23, 2019

Management's discussion and analysis of Dowden West Community Development District (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to financial statements*. The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by developer contributions.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net Position is reported in three categories; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government and debt service.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a **balance sheet** and a **statement of revenues**, **expenditures and changes in fund balances** for all governmental funds. A **statement of revenues**, **expenditures**, **and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The government-wide financial statements and the fund financial statements provide different pictures of the District. The government-wide financial statements provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, such as construction in progress, are reported in the **statement of net position**. All liabilities, such as principal outstanding on bonds are included. In the **statement of activities**, transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements, reconciliation is provided from the *fund financial statements* to the *government-wide financial statements*.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District and investments of the District are some of the items included in the *notes to financial statements*.

Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2018.

- The District's total liabilities exceeded total assets by \$(17,682) (net position).
- Governmental activities revenues totaled \$51,282 while governmental activities expenses totaled \$74,743.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

The following schedule provides a summary of the assets, liabilities and net position of the District and is presented by category for comparison purposes.

Net Position

	Governmental Activities			
	2018	2017		
Current assets	\$ 14,409	\$ 27,908		
Current liabilities	32,091	22,129		
Net Position Unrestricted	(17,682)	5,779		
Total Net Position	\$ (17,682)	\$ 5,779		

This is the first full year of District's operations.

The decrease in current assets was related to the decrease in due from developer in the current year.

The increase in current liabilities is primarily related to an increase in accounts payable in the current year.

The decrease in unrestricted net position is primarily related to the increase in accounts payable in the current year.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

The following schedule provides a summary of the changes in net position of the District and is presented by category for comparison purposes.

Change In Net Position

	Governmental Activities			
	2018	2017		
Program Revenues Operating contributions	\$ 51,282	\$ 28,891		
Expenses General government	74,743	23,112		
Change in Net Position	(23,461)	5,779		
Net Position - Beginning of Year	5,779			
Net Position - End of Year	\$ (17,682)	\$ 5,779		

This is the first full year of District's operations.

Increase in operating contributions primarily relates to the increase in developer contributions.

The increase in general government is primarily related to an increase in management fees in the current year.

General Fund Budgetary Highlights

Budgeted expenditures exceeded actual expenditures primarily due to less legal and engineering fees than were anticipated.

There were no amendments to the September 30, 2018 budget.

Economic Factors and Next Year's Budget

The District issued Special Assessment Revenue Bonds, Series 2018 in November 2018 to finance the costs of certain improvements within the District.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Request for Information

The financial report is designed to provide a general overview of Dowden West Community Development District's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Dowden West Community Development District, Governmental Management Services, 135 W. Central Blvd., Suite 320, Orlando, FL 32801.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on April 10, 2017, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, and City of Orlando Ordinance 2017-20, as a Community Development District. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing district roads, landscaping, and other basic infrastructure projects within or outside the boundaries of the Dowden West Community Development District. The District is governed by a Board of Supervisors who are elected to four year and two-year terms. The District operates within the criteria established by Chapter 190.

As required by GAAP, these financial statements present the Dowden West Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth in Governmental Accounting Standards the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

a. Government-wide Financial Statements

Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by developer contributions. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds

The District reports fund balance according to Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources".

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

3. Basis of Presentation

a. Governmental Major Funds

<u>General Fund</u> – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Basis of Presentation (Continued)

a. Governmental Major Funds (Continued)

<u>Capital Projects Fund</u> – The Capital Projects Fund accounts for acquisition and construction of infrastructure improvements located within the boundaries of the District.

b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as construction in progress, and non-current governmental liabilities, such as general obligation bonds be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Liabilities, Deferred Inflows of Resources, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

- 1. Direct obligations of the United States Treasury;
- 2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
- 3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

a. Cash and Investments (Continued)

4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

The District currently has no investments.

Cash and investments include time deposits, certificates of deposit, money market funds, and all highly liquid debt instruments with original maturities of three months or less.

b. Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur.

c. Deferred Inflows of Resources

Deferred inflows of resources represent an acquisition of net position that applies to a future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until then. The District only has one item that qualifies for reporting in this category. Deferred revenues are reported only in the governmental funds balance sheet. This amount is deferred and recognized as an inflow of resources in the period that amounts become available.

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

"Total fund balances" of the District's governmental funds (\$(18,221)) differs from "net position" of governmental activities (\$(17,682)) reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the Statement of Net Position versus the current financial resources focus of the governmental fund balance sheet. The effect of the differences is illustrated below:

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position (Continued)

Deferred inflows of resources

Certain revenues that were not available at year end were reflected as deferred inflows of resources at the fund level. Revenues are recognized when earned at the government-wide level.

Deferred revenues

<u>\$539</u>

2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities

The "net change in fund balances" for government funds (\$(24,000)) differs from the "change in net position" for governmental activities (\$(23,461)) reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated below:

Deferred inflows of resources

Revenues that are not available at year end are recognized as deferred inflows of resources at the fund level, however, revenues are recognized as earned at the government-wide level. This is the amount deferred in the current year.

Deferred revenue

<u>\$ 539</u>

NOTE C – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk, however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2018, the District's bank balance was \$5,748 and the carrying value was \$5,564. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

The District currently has no investments.

NOTE D – INTERFUND ACTIVITY

	Receivables		
Payables	Gen	eral Fund	
Capital Projects Fund	\$	1,207	

The balance relates to expenditures in the Capital Projects Fund being paid out of the General Fund operating account.

NOTE E – ECONOMIC DEPENDENCY

The Developers own a significant portion of land within the District. The District's activity is dependent upon the continued involvement of the Developers, the loss of which could have a material adverse effect on the District's operations. At September 30, 2018, all board members are affiliated with the Developers.

NOTE F – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. There were no claims or settled claims from these risks have not exceeded commercial insurance coverage.

NOTE G – DEFICIT FUND BALANCE

The capital projects fund reported a deficit fund balance (\$(24,177)) at September 30, 2018. It is expected that the deficit will be eliminated in subsequent periods through the issuance of bonds.

NOTE H – SUBSEQUENT EVENT

Subsequent to year-end, in November 2018, the District issued Special Assessment Revenue Bonds, Series 2018 in the amount of \$6,170,000. The Series 2018 Bonds were issued to finance the cost of acquisition, construction and equipment of the 2018 Project.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors Dowden West Community Development District City of Orlando, FL

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Dowden West Community Development District, as of and for the year ended September 30, 2018, and the related notes to the financial statements, and have issued our report thereon dated October 23, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Dowden West Community Development District's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Dowden West Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Dowden West Community Development District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Supervisors Dowden West Community Development District

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Dowden West Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Supervisors Dowden West Community Development District City of Orlando, Florida

Report on the Financial Statements

We have audited the financial statements of the Dowden West Community Development District as of and for the year ended September 30, 2018, and have issued our report thereon dated October 23, 2019.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated October 23, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. This is the initial audit of the District.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not Dowden West Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that Dowden West Community Development District did not meet any of the conditions described in Section 218.503(1) Florida Statutes.

Fort Pierce / Stuart

To the Board of Supervisors Dowden West Community Development District

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for Dowden West Community Development District. It is management's responsibility to monitor the Dowden West Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same as of September 30, 2018.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.
